Our priority is to be in permanent contact with the international fairs fashionable that are celebrated in the sharpshooting cities of the world of the design, which inspire the beauty and the vitality of the masterful lines of our collections.

TORERO, was founded in 1997 with the objective to give service to a series of clients who looked for a collection in exclusive right for their stores. The development structure that seems more effective to us is the one than at the moment we maintain. The system of Commercialization of Franchise. By means of this system, we looked for that the store and the manufacturer work in narrow collaboration and harmony in the search of a common objective for all business: the attainment of benefits. In 1998, a year later of the TORERO creation is inaugurated the 12 first stores in Spain.
