

The most profitable Franchise of the market

Our next store, can be your store… In TORERO, we offer to a our franquiciados customized service, allowing them thus, to integrate itself totally within the Franchise.

Torero counts on departments of design, logistic manufacture and own, allowing in this way a greater rapidity at the time of carrying out the replacements in the stores.

We have a connected computer science system via Internet with the power station, that manages and controls the replacements and the stock of each point of sale to have the precise information of each one of the franchises. We make available to our franchise a team of experts in coordination of stores and window-dressing, to orient and to advise to them to them continuous form.

Our experience in the sector and our human equipment, has made us distinguish in the world of the fashion woman to us.
